

TOGETHER WE CAN DONATE CFA BOOKS

17 June 2010

Dear Colleagues,

The political unrest in May 2010 has damaged the country and affected many people. With small help from everyone, we can help recover our society.

Unfortunately from the incident, some parts of the Maruey library at the SET Building are partially damaged, including the CFA Corner. CFA Society of Thailand is initiating the campaign **“Together We Can Donate CFA Books”** to collect your CFA curriculums (or your finance, investment books and related topics) and donate them to the Maruey library. The CFA Society of Thailand is now collecting books – **in good conditions** - to donate to the library for future candidates and interested parties to learn about the CFA program.

Should we are able to collect many volumes, we will be arranging for your donated books to be on display at other Maruey libraries or those libraries in upcountry who made request for finance and investment books from SET as well.

In appreciation of your generous donation, the Maruey Library will recognize your name in every book you donated to the library as well.

Samples ideas:

- CFA Curriculums (6 Volumes in a set) 2007, 2008, 2009 or 2010 version
- CFA Magazine
- CFA Conference Proceedings
- Old version of CFA reference textbooks
- Other Finance and Investment books
